

Some old village photos from Toni Buchan

Village group 1911 Coronation

The little boy in front of the police man is my father and he would have been going on 4 in 1911.

Behind him in the bowler is his father Alfred Roach the post master and the small lady slightly behind is my grand-mother Zillah Roach. The dog is my fathers.

Although this postcard is stamped 1926 I believe it dates to much earlier – possibly 1905. I don't remember the half height wing on the north side – perhaps this was staff quarters. I know that one vicar had a live in house keeper as we found a letter from him to his wife saying he had employed someone.
